Indonesia

## About

I am a qualified and professional web developer with two years of experience in front-end development. Strong creative and analytical skills. Team player with an eye for detail.

## Projects

### Personal Website

A personal website made using Gatsby and Org-Mode. Styled using emotionjs.

### Learning Hub

E-Learning platform built using reactjs and Ant Design. A centralized platform to manage scheduling, members, instructors, and courses.

### IKATA UPN

Ikatan Alumni Tambang portal website built using nextjs, typescript, graphql, and rtk-query.

### Library App

Library management application using vite, typescript, and graphql. And dotnet 6 as backckend.
